

ASTRABUDGET: TERMS OF SERVICE

Last Updated: May 24, 2026

1. ACCEPTANCE OF TERMS

AstraBudget is an intelligent capital management solution within the AstraCore ecosystem, developed by AstraCoreNova (the "Developer"). By downloading, installing, or using this application, you (the "User") unconditionally agree to these Terms. If you do not agree with any provision of these Terms, you must immediately cease all use of the application.

2. DESCRIPTION OF SERVICES

AstraBudget provides premium financial analytics tools:

- **Automated Accounting:** Processing of messages and push notifications regarding your fund movements using intelligent parsing algorithms.
- **Document Digitization:** OCR technology for processing payment receipts and fiscal documents.
- **ClauneckAI Analytics:** AI-powered forecasts and budget optimization recommendations.

3. CLAUNECKAI INTERACTION TIERS

The User may choose their level of access to AI technologies:

- **Free Tier:** Local data management with the option of Rewarded Access.
- **ClauneckAI Cloud:** Powered by the **Claude 3 Haiku** model. Data is processed in secure cloud environments to ensure high analytical speed and synchronization.
- **ClauneckAI Local:** Powered by the Gemma 3 2b model. All computations are performed exclusively on the User's device. *Money loves silence — your data never leaves your device.*
- **ClauneckAI Uncensored (18+ Mode):** An optional explicit interaction tier where the AI may utilize harsh language, profanity, and unfiltered commentary. By enabling this mode, the User explicitly confirms they are 18 years of age or older and assume full responsibility for the psychological nature of the interaction.
- **Rewarded Access:** Free Tier users may be granted one-time or limited-time access to ClauneckAI Cloud features in exchange for the full viewing of promotional content. Such access

is temporary and does not constitute a premium subscription. The Developer does not guarantee the constant availability of promotional offers.

4. GLOBAL COMPLIANCE (GDPR & CCPA)

We adhere to international privacy standards. AstraBudget is developed based on "Privacy by Design" principles:

- **Data Security:** Your bank card numbers, account details, personal correspondence, and other non-financial data are not processed, recorded, or stored by the application.
- **Data Minimization:** We collect only the "dry numbers" necessary for your financial accounting.
- **User Rights:** Users in the EU (under GDPR) and California (under CCPA) have the full right to delete their data or limit its processing through the application settings.

5. THIRD-PARTY SERVICES AND ADVERTISING

AstraBudget utilizes infrastructure provided by Google LLC and Anthropic. By using the app, you also agree to:

- **Google Privacy Policy:** <https://policies.google.com/privacy>
- **Google Terms of Service:** <https://policies.google.com/terms>
- **Anthropic Privacy Policy:** <https://www.anthropic.com/legal/privacy>
- **Anthropic Terms of Service:** <https://www.anthropic.com/legal/consumer-terms>

Content Disclaimer: The Developer is not responsible for the content of advertisements served through third-party networks (e.g., Google AdMob).

6. DISCLAIMER OF WARRANTIES ("AS IS")

The application is provided on an "AS IS" and "AS AVAILABLE" basis:

- **A Tool, Not an Advisor:** ClauneckAI insights are for informational purposes only. The Developer is not a licensed financial advisor.
- **Accuracy:** We strive for perfection, but we do not guarantee 100% parsing accuracy due to potential changes in bank notification formats. All financial decisions are made solely at the User's own risk.

7. LIMITATION OF LIABILITY

To the maximum extent permitted by applicable law, AstraCoreNova shall not be liable for any financial losses, loss of profits, or loss of data resulting from the use or inability to use the service. Your financial security is your own responsibility.

8. INTELLECTUAL PROPERTY

All rights to the AstraCoreNova brand, the AstraBudget trademark, interface design, and unique ClauneckAI algorithms belong to the Developer. Any unauthorized reproduction or attempts at reverse engineering are strictly prohibited and will be prosecuted under international law.

9. JURISDICTION

These Terms shall be governed by the laws of the country where the Developer is officially registered. Any disputes shall be resolved exclusively in the competent courts of the Developer's place of registration.

10. CONTACT INFORMATION

For official inquiries, contact us via the AstraCoreNova developer page on Google Play or via email: astra.core.nova.dev@gmail.com
